

Zoi GANOSIS URIBEZUBIA

Personal data

Current location: BORDEAUX
Email: zoegns@tuta.io
Phone Number: 0034-652684104
Date of Birth: 1998-12-04
Place of birth: ERMIONI, GREECE

Education

Period: 09/2017- 06/2021	Degree Title: Chemical Sciences	Institution/ School: Universidad de País Vasco- UPV/EHU-Donostia-San Sebastian
Period: 09/2020- 07/2022	Double Master: Polymer Science	Institution/ School: Universidad de País Vasco- UPV/EHU-San Sebastian & Université de Bordeaux

Aspirations

I am currently a graduate master's student in polymer chemistry on a double master program between the University of San Sebastian and the University of Bordeaux. I aspire to be part of a research group in polymer science. I want to pursue doctoral studies, explore my cognitive and potential. I would like to travel all over the world, interact with people willing to share a part of their own culture with me, feel like a citizen of the world, work hard and push myself to the limit.

Languages

Basque - Elementary

Awards

National Essay Competition

"Ioannis Kapodistrias & Greek-Russian Relationships"

Complementary Education

2021	2021	Online course- "Integration of Agenda 2030 into the Final Degree Project"
2015	2015	Introduction to the Study of Humanity Harvard University
2015	2015	International Basketball Course- Training Programme Laboral Kutxa
2013	2013	International Basketball Course- Training Programme Laboral Kutxa

Work Experience

02/2022 - 06/2022 **Master Student Researcher**, IECB-LCPO, *Pessac, France*
Research topic for the final master's degree project:

"Synthesizing and characterizing programmable and recyclable covalent dynamic networks consisting of NHC-Borane units."

Description of activities that have been carried out:

- Organic Synthesis
- RAFT Polymerization
- ¹H, ¹¹B, ¹⁹F NMR characterization

Team

- ISM: Organic Synthesis and Natural Products (ORGA)
- LCPO: Polymerization Catalyses and Engineering (Team 1)

Directors

- Audrey Llevot and Daniel Taton (LCPO)
- Mathieu Pucheault and Laurent Chabaud (ISM)

Qualification: 16/20

01/2021 - 06/2021 **Student Researcher**, UPV, *San Sebastian, Spain*
Research topic for the final degree project:

"3D Printing of Virgin PET. Effect of Processing Parameters."

Description of experiments that have been carried out:

- Filament Elaboration
- Injection Moulding
- 3D FDM printing
- DSC, DMTA
- SEM

Directors

- M. Itxaso Calafel Martinez
- Alejandro J. Muller

Qualification: 9.3/10

07/2020-10/2020 **Researcher**, Polymat fundazioa, *San Sebastian, Spain*

Description of activities that have been developed during the program:

- 1 - Organic synthesis
- 2 - Purification of organic products
- 3 - Structural characterization of organic products

Molecular and Supramolecular investigation group.

07/2019 - 09/2019 **Au-pair**, *San Sebastian, Spain*

Escorting the children to their extra-curricular activities and teaching them English.

07/2018 - 09/2018 **Area Director-Hostess**, Restaurant Ganossis, *Ermioni Greece*

06/2017 - 08/2017 **Area Director-Hostess**, Restaurant Ganossis, *Ermioni Greece*

10/2016 - 07/2017 **Assistant**, A. Ganosis Pharmacy, *Ermioni Greece*

Volunteer Experience

03/2020-
05/2020

Food Supply Covid-19 Volunteers-San Sebastian

08/2019-
08/2020

Erasmus Buddy University of Basque Country-San Sebastian

05/2015 -
05/2015

Clean-up Municipality of Ermionida

03/2014 -
03/2014

Replanting Municipality of Ermionida
